I'm Beverly Austin, CEO, and Certified Trichologist with a degree from Texas A&M University. Specializing in herbs and essential oils, I turned to trichology after facing my own hair loss issues in 2009 and finding limited treatment options for African-American hair. My training from the National Trichology Training Institute in Georgia has equipped me to provide science-based remedies for hair loss and scalp disorders. Are you ready to win the war against hair loss? Let's do this together.

### Relief:

#### Prep Scalp Therapy

PREP SCALP THERAPY rejuvenates your scalp by eliminating excess sebum oils, flakes, and debris that frequently obstruct hair follicles. This enhances the focused absorption of topical stimulators, such as our Minoxidil, HAIR REMEDY BOOST THERAPY, AND HAIR RECOVERY GROWTH THERAPY, ensuring maximum effectiveness. Rigorously tested to function beneath the scalp, PREP SCALP THERAPY elevates the concentration of B vitamins, notably B5, essential for promoting healthy hair. (INCLUDES PREP SCALP, SHAMPOO, CONDITIONER, & NUTRIENTS).

### Remedy:

#### Hair Remedy Boost Therapy

HAIR REMEDY BOOST THERAPY - Saw Palmetto extract, a potent DHT-fighting ingredient, is specifically crafted to counteract the aging progression of hair and is enriched with 11 DHT blockers. HAIR REMEDY BOOST THERAPY provides a boost to the hair development cycle, and when paired with PREP SCALP THERAPY, it facilitates penetration and enhances the effectiveness of the system, working to restore hair strength, thickness, and volume. Featuring aloe, a recognized soothing agent that reduces inflammation—a contributing factor to hair thinning—HAIR REMEDY BOOST THERAPY is recommended for men and women dealing with aggressive thinning/aging hair concerns. (INCLUDES PREP SCALP, SHAMPOO, NUTRIENTS & BOOST THERAPY).

### Recovery:

#### Hair Recovery Growth Therapy

HAIR RECOVERY GROWTH THERAPY caters to individuals with mild hair thinning, offering a natural formula infused with 11 DHT-fighting ingredients and high-performance nutrients. This potent solution aims to rejuvenate thin, dull, damaged, and aging hair. Proven effective for both women and men, HAIR RECOVERY GROWTH THERAPY is a superior formula designed to naturally stimulate the hair and scalp. With its elevated percentage of Panthenol and Cysteine (a keratin protein essential for strong, healthy hair), this therapy revitalizes and conditions the hair and scalp. Featuring a proven stimulator facilitating the delivery of vitamins to the follicle root, the result is visibly healthier, fuller, and thicker-looking hair. (INCLUDES PREP SCALP, SHAMPOO, NUTRIENTS & GROWTH THERAPY).
